The Survival Of The Pagan Gods

Synopsis

The gods of Olympus died with the advent of Christianity--or so we have been taught to believe. But how are we to account for their tremendous popularity during the Renaissance? This illustrated book, now reprinted in a new, larger paperback format, offers the general reader first a discussion of mythology in late antiquity and the Middle Ages, and then a multifaceted look at the far-reaching role played by mythology in Renaissance intellectual and emotional life.

Customer Reviews

Excellent book, immensely erudite. Of interest to anyone interested in the Western cultural tradition. A classic.

Lots of information but difficult to read.
