Emil's Clever Pig

Synopsis

Whether he's teaching his pet pig to dance, being chased by a mad cow or wrestling a robber, Emil's adventures never stop. Hens, dogs, little sisters - and adults - all flee his path. But Emil doesn't mean to be bad, it's just that trouble - and fun - follow him wherever he goes. A collection of utterly engaging tales from one of the world's best-loved children's authors.

Customer Reviews

The Emil series was my favorite when I grew up...30+ years ago. It was wonderful to find it again and see my son's delight in reading it. He is 7 and considers the series to be his favorite "book", asking me to help read it over and over and over... Now we are due to read it to his class!

I just read Emil's Pranks to my five and half year old daughter a few months ago and she loved that book. I just found this one on and we started reading it. Both of us look forward to reading a section each night before bed. It is a great book. The only negative is the drawings are not at all as nice as the previous book (which I got when I was visiting Sweden)and this is important specially for younger readers.

A friend sent us the copy of Emil and His Clever Pig she read when she was a little girl, and we found ourselves laughing out loud throughout. All the Emil books are a pleasure to read aloud. All three of our boys love the stories, and we talk about him all the time. We've reread them over and over.

I bought it for a 4 yr old and the parents said it was too advanced for that age but I think you should read to them ahead of their age to increase their vocabulary and humour.

I read Emil when I was little in Taiwan. The book I had had multiple chapters, not broken apart like this. So my review is more about the Emil story in general than this particular one. Anyway, he is definitely one of my favorite childhood novel of all times. I also love other Astrid Lindgren's books so much. Unfortunate some are not translated into English, such as RASMUS, PONTUS AND TOKER.
