A Speaker's Guidebook: Text And Reference, Sixth Edition

Synopsis

A Speaker's Guidebook is the best resource for public speaking in the classroom, on the job, and in the community. Praised for connecting with students who use it (and keep it!) year after year, this tabbed, comb-bound text covers all the topics typically taught in the introductory course and is the easiest-to-use public speaking text available. In every edition, including this one, hundreds of instructors have helped with the book focus on overcoming the fundamental challenges of the public speaking classroom. Print and digital tools converge in this edition to help students with every aspect of the speech building process. A new, gorgeous collection of speech videos, accompanied by questions, model speech techniques while the adaptive quizzing program, LearningCurve, creates a personalized learning experience adjusted to each individual.

Customer Reviews

TERRIBLE. I ordered the book as listed on this page. I removed the sticker on the back, covering the IBN number, which ended up hiding a label that said "Evaluation Copy- Not For Sale." THIS IS NOT WHAT I ORDERED. I am not happy. They're ripping you off so you can't resell it ever, even if you wanted to. RIP-OFF

honestly i used it once for school, because my teacher told me it was the up most urgent that we purchased this book, and we never used it. so to get my moneys worth of it, i read the book, and it is very interesting. honestly its a great text book, with alot of interesting fact, and ideas that will help your public speaking skills

I bought this item to use on my kindle. When i went to download on to my kindle and start reading it, it told me that the book was not compatible with my Kindle. How can it be non-compatible with my kindle if it was bought exclusively for my Kindle? I am unable to use it now and I am stuck with it.

I rented this book for an online class and was able to download the book to my iPhone to Kindle app no problem! Price was great compared to buying the book!

Good text. It is well written and compiled. Just wish the launch pad online accessory was included. (There is a free trial period, but then there are charges.)

Seems to be a good book that avoids obvious presentation of biases. Have not read all the way through yet.

Got this for a speaking class and found it very helpful. Good information on becoming a better speaker.
