This is a very informative book and has really assisted me in speech class.

I bought this for my speech class, the text was easy to read and engaging. I would recommend this book. I bought it for use on my computer/tablet and the digital features were handy.

Exactly as described.

Good book for Public Speaking. Slims down the topics for you and the pictures and tables are very useful for remembering the material quickly and easily.

Half comic book, half text book. It's not like this review matters, if you are looking at this product it is because your syllabus says you need it.
