Workbook And Competency Evaluation Review For Mosby's Textbook For Nursing Assistants, 9e

Synopsis

Get the most out of your nurse assisting textbook, and review for your certification exam!

Corresponding to the chapters in Sorrentino and Remmert's Mosby's Textbook for Nursing Assistants, 9th Edition, this workbook reinforces your understanding with numerous exercises and review questions. Checklists help you study skills • with a checklist for each of the 100+ procedures in the text. The Competency Evaluation Review section helps you prepare for the CNA exam with a review of content, a skills evaluation review, and two practice exams. Answers are included for all review questions and practice exams! Comprehensive review corresponds chapter-by-chapter to the textbook. Competency Evaluation Review section includes a content review and review questions for all key topics, a skills evaluation review, and two practice exams that help to prepare you for the written certification exam. A wide variety of exercises enhances learning and keeps you interested in the material. Skills checklists help you review and practice the procedures required for certification. Independent learning activities in every chapter allow additional review and practice. Optional learning exercises are provided for longer programs and/or higher-level students. NEW review chapters are added to correspond to the five new chapters in the textbook.

Customer Reviews

I needed this book for a class so I had no option but to purchase it. There were a number of wrong answers to the workbook questions which were verified as incorrect with the textbook.

Typos! Not enough room for most of the answers....lines are too short even for small handwriting. Some answer lines are way longer than necessary.

Great condition. Easy to read. A few typos, but nothing serious. I like the work book. It is a great tool to help you review the material.
