A Pocket Guide Thesaurus (Pocket Guide Series)

Synopsis

Unlike many other thesaurus with complicated and difficult-to-locate word arrangements, this book of words and their synonyms has been arranged in an easy-to-follow alphabetical format. Useful for both high school and college students, it also includes antonyms for most words, as well as a list of the 500 most commonly used words.

Customer Reviews

I have used several of the titles in this series through the years. I've used it for home, my office, and my children used this Pocket Guide Thesaurus as a quick reference for school assignments. Although my personal library always had different Thesaurus books available, this Pocket Guide has been very useful when needed. It is a quick help in finding alternate words with similar meanings, and antonyms. In addition, it includes a list of overused words, and the alphabetical format is easy-to-use. This book is also ideal for classroom supplements. Each word is presented in Black Bold Typed Letters to see it clearly, and the font is a good size. My children used this for school, as much as I used it for work, and it came in very handy. Highly recommended to teachers, and students!

How can this book have been compiled by a Ph.D? It is too thin a book to be useful! There are better pocket-size books. AND, I would hardly call this pocket-size because it would embarrassly

stick out of your pocket! As I said, there are much better books out there!
