Oxford Pocket Dictionary And Thesaurus

Synopsis

A unique new reference that combined the best features of both dictionary and thesaurus, The Oxford Dictionary and Thesaurus was the first American reference work to offer integrated dictionary and thesaurus entries. Now this revolutionary volume is available in a convenient paperback format that is perfect for the casual user. Rather than forcing readers to flip between the thesaurus for synonyms and the dictionary for definitions, The Pocket Oxford Dictionary and Thesaurus provides a thoroughly integrated blend of entries from the dictionary and the thesaurus. This unified approach treats meanings and related words within the same entry, making it easy to find an abundance of information about any word, and provides a far more thorough analysis of the variety and nuances of our language than is possible in a dictionary or thesaurus alone. Light and portable, sized to fit easily into a backpack, briefcase, or on any student or office desk, The Pocket Oxford Desk Dictionary and Thesaurus is guaranteed to be the most frequently used reference work you own. Combining a comprehensive and thoroughly reliable dictionary of American English with full thesaurus coverage, this is an essential tool for anyone who wants to write with more variety, color, and precision.

ISBN-13: 978-0195130973

Product Dimensions: 8.4 x 1.8 x 5.3 inches

Shipping Weight: 2.1 pounds

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (9 customer reviews)

Best Sellers Rank: #1,364,784 in Books (See Top 100 in Books) #57 in [Books > Reference > Dictionaries & Thesauruses > Synonyms & Antonyms](#) #247 in [Books > Reference > Dictionaries & Thesauruses > Thesauruses](#) #1080 in [Books > Reference > Dictionaries & Thesauruses > English](#)

Customer Reviews

I bought this dictionary/thesaurus a few years ago for college, and have used it well. While it won't fit in your pocket, it will fit in your book bag, and I was more than happy to sacrifice the extra weight for a few more definitions and synonyms. And, while this is much more detailed dictionary than any

other "pocket" dictionary I have come across (which typically fit in your pocket), it is certainly not THE definitive dictionary you'll want to own. I have come across a few words in my studies that have not been listed in this dictionary, and that I had to find at home (in a behemoth edition that fits on a CD-ROM). All in all, a great buy--best portable dictionary you will find. (Weight: 970 grams; 2 lbs, 2 1/2 oz. For those of you planning on taking it hiking.)

American, not British English! Too large to fit in my pocket, this is a superior inexpensive reference book. The dictionary is excellent for a book of this size. The thesaurus is clearly more limited than a dedicated tome, but the list of synonyms is useful. The guide to pronunciation is as good as any, though I feel this is one area where CD-ROM computerized dictionaries have the advantage. There is also a brief "Special Reference Section" containing signs and symbols, easily confused words (e.g affect/effect), terms for groups of animals, et al., but includes other items I found less appropriate to a dictionary such as metric/US weights, measures, and temperatures, multiplication tables - redundant in the age of calculators, presidents/states of the US, etc.

I would like to say that this book is excellent for students with hard courses in high school. It's a pretty good size to fit in your backpack although I wouldn't call it pocket size, I would call it backpack size :). They also have a special reference section where they give you basic information such as country/capital, states, metric conversion, etc... All in all a very excellent purchase that would benefit your education.

I initially purchased this volume to use as a pocket dictionary, but it was obvious once it arrived that it would not fit in any pocket I possess in my apparel collection, yet this is not a strike against it! I find myself consulting this useful tome more than regular sized dictionaries or my computer which has a handy dictionary/thesaurus feature. So comprehensive are the definitions in this pocket dictionary that I have hardly ever had to consult this little guy's big brother, the full sized Oxford dictionary, now gathering dust on my bookshelf. I highly recommend this volume for anyone from high school to graduate school. The dictionary and thesaurus are well thought out and very accessible. The paperback binding is also quite durable and I do not anticipate any problems such as pages falling out or the spine breaking. My copy is over a year old, consulted almost daily, and it is still happy to oblige with a definition!

Bought as a gift for my son. He said this is the most helpful book, for his class work, that I have sent

him in last two years.
