Quotes & Biography: Of 50 Greatest People Ever Been On Earth

Synopsis

This book covers the life events, biography and famous quotes of the 50 most greatest and influential personalities ever existed on earth. The 50 greatest personalities are divided into 7 different categories such as great conquerors, most influential leaders, great administrators, philosophers who seek wisdom, discoverers and historians, great scientists who changed the life of humans and currently world's most famous and influential politicians..The book compiled by the author may contain some controversial personalities and there will be people who may not agree with the mentioned personalities with the likes of JOSEPH STALIN and ADOLF HITLER e.t.c but fact of the matter is these people have so much influence on the human race that we cannot neglect them by any means.The people choose by the author for this book are the one who has great influence on humans thinking in their respective fields..There is only one great personality which we mentioned above all named prophet MUHAMMAD and its because he exert so much influence on the humans way of thinking and life which cannot be match by any person ever!!!!.. and the other reason is that he was a conquerer who lead a small and tiny army of 300 warriors to build a giant state, he was a leader who raised a great movement for humans right at time when arab was passing through a dark period, he was an administrator who administrated the STATE OF MADINA so brilliantly that the different tribes of madina and surrounding pledge allegiance to the state of madina voluntarily, he was a philosopher who changed the way of thinking of the entire human race towards life, women and justice, he was a scientist who showed the humans methods of curing many fetal diseases which even modern day science is following, so these are some of the reasons which give prophet Muhammad a place in the history which every person can only dreamt about but cant reach to even 5% of it.
