Psychiatric Nursing Made Incredibly Easy!

Synopsis

Don't overthink it – learning psychiatric nursing can be Incredibly Easy! This psychiatric nursing guide will help you master the assessment, management, and recovery of your mental health patients. Part of the popular and award-winning Made Incredibly Easy series, this newly updated edition clarifies the complexities of psychiatric nursing, providing an oasis of down-to-earth wisdom and guidance. Seasoned experts in psychiatric-mental health nursing present symptoms, causes and diagnostic methods for more than 70 psychiatric disorders describing the latest in treatment approaches, psychopharmacology, and nursing interventions. Numerous helpful patient care tips are offered in a reader-friendly format and positive tone, interlaced with the series' trademark humor. This is an encouraging and insightful reference for students and nurses of all specialties and skill levels.

Customer Reviews

I'm studying for my certification in psych nursing and this is helping me get ready for the exam. It's also helping me to understand my patients conditions and behaviors better. A must read for those new to psych nursing

I have been nursing for 28 years, but never did psychiatric nursing until now. This is an excellent resource. It gets right to the point.

I bought this when I got a job working at a psychiatric hospital. It's a great and quick way to review and polish up on your info.

Breaks down psychiatric problems very simply! Was a great resource for my mental health nursing course!

This is a very good book. Very easy to read and follow!
