Mein Kampf is an autobiographical book written by Nazi leader Adolf Hitler. It is often called the Nazi bible, where Hitler describes his life, ideals, dreams and frustrations. He was loved by some and hated by many others, but I believe everyone should read it to get the idea of why he did what he did. This book was a must-read for me because I am really interested in Germany's history. I totally recommend it to history lovers.

I am not sure how you really review Mein Kampf! I read the book from my local library in my sophomore year of high school. Since I am reading the 3 volume work of Evans on the rise, rule and fall of Nazi Germany it would seem to be an auspicious time to reread it. Just for the record I am not a fan of the contents of this book except from a historical perspective. However, this kindle version is very well done and the translation seems to be smooth and readable. Trying to figure out the mindset and motive of Adolf Hitler has to start here with his seminal work!

History and war buffs will appreciate this read. Based on Hitler's thoughts on superior humans, the

war, and the struggle for world domination. This reads as though Hitler is speaking directly to you and sharing his utmost thoughts. ISBN: 978-1508488682

Mein Kampf Vol. I and Vol. II is a must read for anyone interested in WWII and learning about the history of the man who made such a big impact on history. The formatting of this book is very good and makes it easy to read.

If you are a history buff then this is the book for you. Mein Kampf: Vol 1 and Vol 2 take you inside the head of Hitler as if it is him telling it to you himself. By far the best formatting I have come across.

This book will be loved by the ones who love to read and learn about war history. It is based on Hitler's thoughts on the war and the struggle for world domination. This book is written in such a way as if Hitler is speaking directly to you and sharing his deep thoughts. Mein Kampf Vol. I and Vol. II is a must read for anyone interested in War history. The formatting of this book is very good and makes it easy to read too. It has been given a creative touch too. I have gifted one to my brother and he is loving it. Thank you

It's not something everyone will get, and it's very easy to quickly dismiss it. However, it's still worth reading to get inside Hitler's mind to understand why he felt the way he did about Jews, the French, the Austrians and Brits. It's worth your time.

This is a "must have" book for every world history lover. It is not important what color, race or nationality you are. Most amazing thing is of course the fact how one man can change world history dramatically.
