Customer Reviews

I am happy to have this book. This book gave me the opportunity to come across a lot of beautiful names. I like the way the author divided the names and meaning into two segment. Those for female first and male comes subsequently instead of running them together. I would like to say the author did well. I wish there were more of English names to select from.

I love how this book has been put together. It's unique, it has a lot of choices, not to mention that it's also arranged from A-Z, so I know where to start. I appreciate books for baby names, but this one's really a good one. I'm really glad my friend gave this to me.

A very good book dedicated to the children's names - unusual, extraordinary. Their meanings and origins. The book will be especially relevant to young families waiting for replenishment in the family, but I like it too, came to mind. The author thanks.

I purchase this book for my sister who is expected her first baby boy in November. I check the quality of this book first and I can say that this is indeed a perfectly written eBook with a variety of baby names to see. Hanna did a great job on creating a very informative book like this and I commend her for that. It is indeed an amazing book to have!

So many different names to choose from. Really liked the book. The bonus E-book at the back was a very nice surprise to. Recommended !
