Power Quotes

Synopsis

In this easy-to-use and fun-to-read collection of more than 4,000 quotes, politicians and philosophers, poets and priests, CEOs and comedians all share their views on leadership and liberty, treason and triumph, sacrifice and scandal, risk and rebellion, weakness and war, and other affaires politiques. For instance, Groucho Marx on politics: "Politics is the art of looking for trouble, finding it everywhere, diagnosing it incorrectly and applying the wrong remedies." A Visible Ink bestseller since the reign of George the Senior, it just keeps going and going. Apparently good quotes, like fine wine, just get better with age. Or maybe it's the back cover copy. With Power Quotes, readers can learn what Plato and Aristotle had to say about democracy, and find Mark Twain musing on any number of topics, including: "Its name is Public Opinion. It is held in reverence. It settles everything. Some think it is the voice of God." Or look up the self-serving statements James I made to Parliament about the divine nature of kings (he was for it). Richard Nixon's postmortem on Vietnam: "Rarely have so many people been so wrong about so much." Selected with impeccable judgment by quote master Daniel Baker, the quotes are organized under 50 themes such as ethics, monarchy, politics, public opinion, taxes, war and peace, and women in politics, and then arranged chronologically, with sources fully cited.

Book Information

Paperback: 408 pages

Publisher: Visible Ink Press (September 1, 2001)

Language: English

ISBN-10: 0810394162

ISBN-13: 978-0810394162

Product Dimensions: 6 x 1.1 x 9 inches

Shipping Weight: 1.4 pounds

Average Customer Review: 4.5 out of 5 stars [See all reviews](#) (2 customer reviews)

Best Sellers Rank: #648,854 in Books (See Top 100 in Books) #605 in [Books > Reference > Quotations](#) #6729 in [Books > Reference > Dictionaries & Thesauruses](#)

Customer Reviews

I bought every copy of this book that I could find, to give to my graduating seniors. I have had two copies in my classroom for years, because the book is so useful. The layout is the key. Each area of interest--Communism, Liberty, Justice, etc.--is set up so that quotations related to it are in chronological order. Thus, the reader can see not only what was said and by whom, but also

changes over time. Pro and con statements are presented, as well as those that define the term under discussion. In one class, we simply started with a quotation on strength and justice, from Pascal, and moved from the terms and ideas students used in their analysis of it, back to the book to search out the quotations that also used those terms. Great thinkers such as Montaigne and Voltaire entered the discussion, almost as if they were in the room! The power of ideas, both from the students and these older voices, raised the analytical thinking to new heights.

.... I'm always one to like books like "Power Quotes", they are always interesting, and let me tell you something....this book has them all and nicely cross referenced too. It has helped me out already on the first day I got them with my reports.....If I could tell you one thing, it would be to buy this book, it will help you a lot, I think I might go read some more so I'd better go....Bye now.
