## Customer Reviews

This book was purchased for my mother, who called to ask me why I gave her a book that would make her cry! Actually, she loved it. It's a great book, as are the so many other in this series. The only complaint I have is that eventually the book ends.

Chicken Soup for the Grandma's Soul is a sentimental treasury of memories gleaned from the hearts of grandmothers. This book will make you laugh and make you cry as you read about real life experiences as only a grandma can relay. What a wonderful book for the new grandma or the grandma with a dozen grandchildren. This book is a legacy for grandchildren, written by those who love them in a special way: the grandmas.

I like the Chicken Soup books. You can pick them up and read the short stories any time/any place. The stories are inspirational and let you realize that you BELONG to some bigger group than yourself, with common happenings and misadventures in your lives."Chicken Soup for the Grandma's Soul" was especially appropriate for me to be reading since I have two new twin grandbabies. And this book let me laugh, cry and rejoice along with other grandmothers.

I have a story in it! I couldn't wait to get my copy! Did you know that you get books early when you are an author in them? I had to send my Mother a copy of the book right away. After all, she was the featured Grandmother I wrote about. She did not think our story was anything worthy of comment. My son, also received a copy of the book. What FUN to write about two of my most favorite people! What was the story about? Well, just buy the book and read the stories. When you find mine, you will KNOW! lol The rest of the stories were good too. Like ALL Chicken Soup Books, the stories are uplifting and sometimes make your eyes leak. Can I say that I love them?? I do. I have over 100!!!

If you're a fan of the Chicken Soup series this one is an excellent addition for grandparents. My kids bought this for my mom who is an avid reader and a fan of the CSs. It was a hit. She loved it. It arrived exactly as shown with no damage.

We gave this book as a gift to my mother in law for Christmas. She is a fan of the Chicken Soup series. It's a great present for a Christian who enjoys reading, so it's right up her alley. The stories are short and sweet, and something that she keeps returning to read. Also, has it for a good price. I like that they did a book for just Grandmas. Initially I thought they only had the grandparents book. She is divorced, so that didn't seem appropriate to get for her. This book is just perfect.

My Grandma loves the chicken soup books. I knew there was one for Grandma's, but couldn't find it anywhere. I found it on and gave it to her for Christmas. She loved it.

As a relatively new grandma (13 months on the job), I feel I can relate to many of the emotions expressed in the book. It will make you laugh. It will make tears run down your cheek. More than anything, you will know you have joined the ranks of thousands who consider themselves blessed to have the title GRANDMA !!
