Invisible Grandparenting: Leave A Legacy Of Love Whether You Can Be There Or Not

Synopsis

There are millions who, because of personality conflicts, custody issues, distance, or consequences of choices made long ago, have no way to pass values and memories to those who mean the most to them. Born of one woman's quest to become part of the lives of two grandchildren she has been kept from seeing, *Invisible Grandparenting* provides a blueprint for virtual grandparenting. • Using letter writing as a primary tool, it is a handbook for communicating tangible and intangible gifts to our young ones. Discover how to transcend invisibility, heal separation, and transform negative energy to forgiveness.

Customer Reviews

Dr. Pat Hanson's *Invisible Grandparenting: Leave a Legacy of Love Whether You Can Be There or Not*, speaks to the heart and soul, much in the same way that only a true friend's words could console, motivate and make you laugh and cry all at the same time, during what may be your worst time. This easy-to-digest book is filled with exceptional insights that could have only been written by someone that emerged from the rubble and confusion left in the "lifequake" of alienation. *Invisible Grandparenting* is a heartfelt gift to estranged grandparents and their alienated grandchildren. It is proof that at no time were any of us ever alone, yet the book also resonates understanding, knowledge and compassion for readers that have not personally experienced alienation. A wonderful guide of encouragement and healing for any person in need of support, as well as those doing the supporting. Dr. Hanson's blueprint for invisible grandparenting is brilliant. Her life lessons are the bullet points of a phenomenal legacy. Her story, her legacy of love and her book helped my husband I pull away from the darkness back into the light. Once our family felt the warmth of light

again after traveling on such a dark, cold journey we felt hope again. One "LIFE LESSON" stood out for me, "every person, young or old, small or large, dark-skinned or white, gay or straight, deserves to be heard, and yes, to vote, for people who will have the power to make decisions that will affect their lives." Two years ago, I discovered Dr. Hanson's website when mired in my own family's situation. I quickly realized after reading this book that part of our legacy of love must include advocacy, alienation awareness and change for all grandchildren across our nation.
