Gritty Spanish

Synopsis

Gritty Spanish is unlike any other Spanish Learning Book you've read. It's a set of 31 interesting, raw and uncut short stories and it includes English and Spanish translations. Those stories were written for Spanish learning adult students looking to improve their Spanish comprehension by exposing themselves to more unique, edgy & honest conversations, it's easy Spanish reading. This book contains word for word the same dialogues used in the very popular Spanish learning Audio Program, "Gritty Spanish", from www.grittyspanish.com. It features some really colorful Latino characters that display true to life emotions, the characters don't hold back, they have lots of personality and they are easy to relate to. The scenes are based in the Streets of New York for the most part. The tales varies, you'll read a story about a Latino couple arguing over the boyfriend liking another woman's picture on Facebook, a racist Dominican Taxi Driver that doesn't like his own people, a Corrupt cop, an insecure kid selling candy on the train to earn money for a trip to Mexico, a Vietnam veteran using his dog and sob stories in an effort to squeeze money out of people and so much more. The book contains a healthy amount of Spanish vocabulary, filled with everyday phrases and verbs. You'll read, learn and improve Spanish in a really fun way. This is NOT a book filled with a bunch of boring words, tourist phrases and vocabulary; this is the real deal, the type of Spanish you will likely hear on the street or if you are eavesdropping on a Spanish Conversation. It's an awesome resource for Intermediate-Advanced Spanish Learners who are opened minded and not easily offended by some of the content and the Language. Enjoy!!

Customer Reviews

Highly recommended for intermediate to advanced learners. Once I started reading the script from this program it was very difficult to put it down. One of the main reasons people fail at learning a new language is because they don't stick with it. Quite frankly the majority of the programs out there are boring. Even as an adult it's hard to be consistent with something we find BORING... be it exercise, reading or learning a language. THE AUDIO program is amazing. Real people speaking naturally. The AUDIO is a MUST HAVE because you're not only reading the scripts but you're listening to professional actors with sound effects to give you a REAL experience. Simply put..I've been studying the Spanish language for many years and I've done my research. GRITTY SPANISH is the way to go to improve your comprehension and get you understanding REAL SPANISH..the way it is REALLY spoken in REAL LIFE.

An interesting idea, but this book is full of grammatical any typographical errors. This is not just slang, it's full of errors/ The punctuation is badly messed up, and even the wrong verb endings are applied (formal verbs wuthe the pronoun "tÃº", and vice versa, for example).

New type of Spanish dialect that is good to listen and learn. Download the audio to your Kindle and read along with the book downloaded on Kindle.

Able to have conversations with more people. Just read it every day, over and over. It soaks in.
