Vocabulary Workshop Level C By Jerome Shostak (2013-05-03)

Synopsis

Vocabulary Workshop Â©2013 Common Core Enriched Edition Student Edition Level C, Grade 8
Students understand words more fully as they see, hear, and use them in a variety of contexts. The print Student Edition is blended with powerful online components, including the iWords Audio Program and Interactive Quizzes, which are accessed by QR (Quick Response) Codes on student pages. Multiple exposures of words-definitions, sentence completion, synonyms and antonyms, and more-improve vocabulary acquisition. High-quality, text-dependent questions promote understanding of words with excerpts from classic literature while also supporting the Common Core. Two writing prompts challenge students to write in response to sources and practice use of academic vocabulary in their writing.

Book Information

Paperback: 62 pages

Publisher: W. H. Sadlier (2013)

Language: English

ISBN-10: 0821580086

ISBN-13: 978-0821580080

ASIN: B01F81KXN4

Product Dimensions: 8.9 x 6.1 x 0.6 inches

Shipping Weight: 8 ounces

Average Customer Review: 4.2 out of 5 stars See all reviews (23 customer reviews)

Best Sellers Rank: #36,187 in Books (See Top 100 in Books) #66 in Books > Reference > Words, Language & Grammar > Vocabulary, Slang & Word Lists

Customer Reviews

My sister uses this for her english class. I had a slightly different version when I was in elementary school myself and I am pleased with this newer version. The lessons are straight forward and clear, and the exercises make sure that the student learns the material.

I ordered this book for my daughter who lost hers in the first week of school so we had to replace it for her. The price was good being that it is not something that I planned to buy. It is exactly what she needed and serves the purpose very well. It was not torn or written in.

Great vocab book for my kids - but I enjoy reading it and having them test me on the words - I'm a

word fan. Kinda like try to stump dad....helps them to remember the words too. Never buy a used one - it's a workbook, so folks write the answers in the book. Not a good thing if you received a book already filled out.

As an English teacher, I really like the whole Sadlier-Oxford series of Vocabulary Workshop books. Not only does it define the words, offer diacritical marks to aid in pronunciation, and indicate the different parts of speech that word may function as, but it also gives students valuable practice in using the word in various contexts: finding synonyms and antonyms, reading contextual clues to determine which word most logically fits in the blank in a sentence, choosing best meaning when it is used in a particular phrase, etc. Each unit introduces twenty words, and the exercises typically take a student 30 minutes to complete. Every three units is a review section. With twelve units in all, you can complete the book in 16 weeks. It works as well for a class as it does for tutoring one-on-one. My only objection is that the answer key costs \$100. Ridiculous. Any teacher who is good with words him-/herself can do the exercises and come up with the right answers also. When you come to a question where the answer is not obvious (on some of the review analogies, for example), even though you know the meaning of the words, then you realize what trouble the students also have with that question because it was simply not well-composed in the first place! But there aren't many of those. I have taught for many years and find that students' vocabularies seem to be becoming more and more limited as recreational reading seems to be declining. A direct study of vocabulary, as this series provides, is a very good idea. Book C works well for the average 8th grader. The similar construction of the units makes individualizing the lessons very workable. After students take the diagnostic test, I put those scoring over 75% in a higher book, those scoring under 35% in an easier book. It all works!

I use this book with the students that I tutor at a local private school. Excellent format and easy to use with students.

The book came on time and was in excellent condition. The price could have been lower but was reasonable. We are happy with the choice. Thanks.

It was suppose to be new but the front cover had smudges and glue of some sort. I like the content though.

Great format and interesting and challenging exercises to to mastery each word list.
