The Grammar Book

Synopsis

The Grammar Book introduces teachers and future teachers to English grammatical constructions. This highly acclaimed text, used both as a course book and as a grammar reference guide, is suitable for all teachers of English. What sets it apart from other grammar books is its unique pedagogical focus: It describes not only how each grammatical construction is formed, but also its meaning and its use. Grammar is seen to be a resource for making meaning in textually and socially appropriate ways.

Book Information

Hardcover: 864 pages

Publisher: Heinle ELT; 3 edition (March 16, 2015)

Language: English

ISBN-10: 1111351864

ISBN-13: 978-1111351861

Product Dimensions: 8.4 x 1.6 x 10.1 inches

Shipping Weight: 4.3 pounds (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (10 customer reviews)

Best Sellers Rank: #173,891 in Books (See Top 100 in Books) #300 in [Books > Reference > Words, Language & Grammar > Study & Teaching](#) #646 in [Books > Reference > English as a Second Language](#) #1653 in [Books > Textbooks > Humanities > Foreign Languages](#)

Customer Reviews

The subtitle of the book which suggests it is an ESL Teacher's Guide is really MISleading ... it's one of the FINEST all-around books on English grammar EVER published, and is one where the reader must have a good degree of "prior knowledge" to appreciate the information contained in this book some of which I've never seen in any other English grammar book! There were a couple of areas that were condensed in this the 3rd edition that are expanded in the 2nd ed which is why I'm keeping my old edition; conversely, Professor Larsen expands on other areas in her 3rd ed which is a fair tradeoff. Also, the graphics and the layout using bold face type makes it an easier read this time around. Forget that it's geared for ESL students ... EVERY English teacher should at least be aware of this book if not have it as a permanent part of their classroom reference library.

Additionally, I love the index / reference section at the end of the book where certain words can be looked at ["maybe vs perhaps" "some vs any," etc.] + the standard index of specific English topics, e.g., conditional sentences, prepositions, etc. Absolutely and positively LOVE this book! --

I am so excited to read this book. I have heard it is the book to have for ESL grammar teachers. This is the book that my professor recommended. I have yet to read it, but by skimming it, it looks thorough.

I personally think that this book should be treated as a bible for a language teacher since it has various approaches.

I have known Dr. Larsen-Freeman work since I studied my first MA in late 1980s. Now I'm working on my EdD, and bought the latest edition. This book is a must in every graduate student's library.
