Customer Reviews

Hello everyone today I am reviewing the 6th and final book in the billionaire romance series what a girl decides. Im also including back round information on books 1-5. So far in the series we have Sara and Robert two collage kids falling in love. I hope you read book one, book two, book three and book four already. It is definitely a must to understand what is going on here in book 5. First lets get caught up. This series is written in two points of views one being Sara and the other being Robert. It switches every other chapter and they are short. Took me 20 min to read each one. In

book one Sara is at school against her dad's wishes. She meets Robert in class. Robert is typical rich kid partying all night and doesn't care about school. In book one they are paired together for school project. Sara is not happy to be paired with guy who missed 6 weeks of classes. In book one while working together they get feelings for each other which is admitted at the end. Robert gets a call that his dad is very ill then book ends. In book 2 we introduce James Robert's friend who has a small crush on Sara. In book 2 starts with Sara not seeing Rob for few weeks but she's been spending a lot of time with James. She has no idea that James likes her. Rob invites Sara to go meet his dad who is dying. Rob's dad makes him do this. Sara invites James to come along as she is nervous. When Sara meets Rob's dad he tells her firmly that he does not want Sara with his son. Sara is upset and leaves back to school with James. Back at her dorm James tells Sara that he likes her and asks her out. Rob shows up and apologizes to Sara but Sara is confused and says she needs time. Book three what a girl knows starts off with Sara trying to decide who to choose.
