Customer Reviews

This was a fun little trivia book based upon The Husband's Secret. I "read" a lot of quiz books based on books and movies and, unlike most other authors who simply list the answers to each question, I liked how this author explained each answer when it was given. My only real complaint is that i wish it were longer.

This was a very well written book. The story line was awesome and just attention grabbing. I will be sharing with my reading circle. Nice easy read and makes for a warm cosy feel. When I first started reading them I wasn't sure but now I am in love with them. I love this book with great story lines and can't put them down once I start reading them. The main characters were very awesome. It is entertaining and well thought-of. It is very easy to read and to understand. A great read for everyone.

This was a cool idea and I had a lot of fun going through the trivia and was really surprised just how much I remembered "differently" Cool stuff I think I will check out more of these types of books on stuff I've read!
