Customer Reviews

It's a nice story and you can easily relate with the main character if you are a writer or if you are aiming to become one. The only thing I didn't like was how heavy the drawing style was sometimes. You can tell that the artist is skilled, however some things about her style kinda kill the mood, for example, the exaggerated style of the eyes. I get it, this is manga and one of the characteristics is big eyes, but I think that the rest of the design is clean and well balanced, but the eyes are a bit too much, but that's a personal opinion, I encourage you to give it a try to this spanish artists.
