BSAVA Manual Of Canine And Feline Ophthalmology (BSAVA British Small Animal Veterinary Association)

Synopsis

This new edition of one of the BSAVA's most popular Manuals has been extensively revised, drawing on the expertise of a predominantly new roster of authors. The Manual focuses on commonophthalmic conditions in dogs and cats, structured into examination and clinical techniques; diagnosis and treatment of common ocular diseases, and a problem-oriented approach to common clinical presentations. The Manual provides an accessible source of practical information for general practitioners, veterinary students, nurses and technicians, and will also be a useful resource for those working toward specialist qualifications.
