Understanding The Work Of Nurse Theorists: A Creative Beginning

Synopsis

Understanding the Work of Nursing Theorists, Third Edition presents the difficult concepts of nursing theory through the use of art. While most theory texts are complex and more detailed than what is needed for students at an introductory level of theory, this text offers a different approach to teaching and learning nursing theory. Definitions and basic concepts are presented along with a brief overview of a selection of common nursing theories. The author encourages creativity through art in an effort to engage students and make them more active learners. The Third Edition includes new chapters on the theories of Patricia Benner, Imogene King, and Rosemarie Parse as well as a chapter on the process of theory development by Jean Watson. The Application to Practice sections are new and will appear as research article in each theorist chapter. Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools. To learn more about how to transform your course with Navigate 2 Advantage Access visit www.jblnavigate.com/2.

Book Information

Paperback: 266 pages

Publisher: Jones & Bartlett Learning; 3 edition (November 13, 2015)

Language: English

ISBN-10: 1284091503

ISBN-13: 978-1284091502

Product Dimensions: 5.8 x 0.7 x 10 inches

Customer Reviews

Great Text!!!! Actually kept my attention well. It was easy reading and comprehension! I am now more interested in Theoretical Foundations and Nursing Theory than I have ever been!!!

Thanks for the book! It is in good condition.

Just what I was looking for!

arrived as described
