## Customer Reviews

Came without online code that is supposedly included in all NEW books - but because it didn't I had to return this book, which is upsetting because it means much more time without a way to stay involved in class & homework. Buyer beware.

The book is almost unusable as it is written with pen and pencil all over. The most annoying thing is that it is written in Chinese and I don't understand it.

This is a no code access book and the web site should have mentioned that especially.

It was very clean and concurrently affordable.

Great condition. Thanks
