The Dragon Knight's Curse (The Dragon Knight Series Book 2)

Synopsis

With a growing reserve of cryptic clues, odd allies, and new memories, Mercer inches closer to learning where he came from and achieving the reprisal he seeks. Entwined with his past and the answers he chases is the Advent, an enigmatic cult who aspire to raise an ancient being said to be on par with a god. They spread chaos wherever their powerful cultists appear, having no interest but to attain the immense power they need to resurrect their lost deity. With an enemy whose plans date back decades or more, perhaps even unleashing a dragon won't be enough to stop them.

Customer Reviews

I enjoyed the read. The characters are interesting and there's plenty of room for developement. However, there are enough obvious grammatical errors to make it look like the book wasn't proofread; many of those errors appear to be the result of not cleaning things up after passages were rewritten. None of the seriously affect the flow of the read. The author has created an interesting world and magic system. I'll be looking forward to the next in the series.

Just finished this book. Good timing because it released when I finished the first. It was good, fast moving and fun to read. The story engages one right away and keeps the pages turning. I hope it

doesn't take too long for the next book to be released.

good second day part. story is getting good very interesting. there are parts that seem like they do not belong but those are few.looking forward to part 3
