How To Learn Colonoscopy

"Wish I'd read this last year..."
-2nd YEAR TRAINEE

Synopsis

Wondering how this little book became the best selling colonoscopy book on ?It may have something to do with the fact that it is 1/20th the price of every other medical book. It may have something to do with the fact that most medical textbooks are badly written, with arcane references to out of date evidence. We'd like to think it is because this book contains the best distillation of the optimal method of learning the technique of safe, efficient colonoscopy.If you need to learn a set of heuristics to advance your endoscopy skills quickly, then this 10,000 word text aims to present them to you simply and concisely.The second addition has been updated, with diagrams and photos added where necessary to improve clarity.

Book Information

File Size: 218 KB

Print Length: 97 pages

Publisher: Umbrella Network; 2 edition (October 31, 2011)

Publication Date: October 31, 2011

Sold by:Â Digital Services LLC

Customer Reviews

Thank you

Very good

Like its practical points, dislike its shecksperian languageRecommend for colleagues (trainees and

attending physicians)Like to release edition about EGD

as a trainee you will regret if you don't read this book . very well written .precise ! thank you! hope you write one for upper gi endoscopy
