Hartman's Nursing Assistant Care: Long-Term Care, 3rd Edition

Synopsis

Hartman's Nursing Assistant Care: Long-Term Care, 3rd Edition, is now available in audiobook format! The audiobook was created to benefit auditory learners, students with reading challenges, speakers of English as a second language, and students on the go who want to make the most of their time. The recording utilized the talents of a Grammy-award-winning sound engineer (Matt Pence) and professional voice talent (Brenda Jaskulske). It was produced by Hartman Publishing's managing editor, Susan Hedman, and her musician husband Mark. This comprehensive nursing assistant training textbook includes information on long-term care, as well as material on subacute and acute care. This edition of the textbook contains: In-depth information on resident rights and special boxes throughout that teach ways to promote independence and prevent abuse and neglect New information on person-centered care and culture change Up-to-date, comprehensive material on infection prevention Many more website resources Material on anatomy and physiology, with an emphasis on normal changes of aging and observing and reporting Updated nutrition information on MyPlate, special diets, and feeding techniques Current information on legal issues, such as HIPAA, the Patient Self-Determination Act, and the Elder Justice Act 1 chapter containing subacute and acute care information, including pre- and post-operative care, as well as mechanical ventilation, chest tubes, and artificial airways Chapter-ending material which develops critical thinking, as well as tests the chapter

Customer Reviews

As I write this, I am sitting at my desk (it's 4:30PM) and my last nurse aide student is completing the performance part of the Red Cross Nurse Aide test. He already passed the written this AM. I tell you

this because my student is severely dyslexic. When he enrolled in my class, I had serious concerns about his disability. The last thing I want to do is frustrate a student. I suggested the audio book for our text, Nursing Assistant Care, and he bought it. He listened to every chapter before I taught it and was able to take notes along with the class. He listened again when he got home to clarify. He used all the review material and practice tests faithfully. He came to me on several occasions thanking me for the book. I am now passing those (and my) thanks to you!! Without this audio book, my student would not have succeeded. As of 5 minutes ago, he is a Certified Nursing Assistant!!! Thank you, Hartman! I am a customer forever!! Connie Price Instructor, Nurse Aide Plymouth Meeting,, Pa.

Required textbook for CNA course my child is taking. Her opinion is that it's well laid out, includes color photos for reference and has an adequate table of contents to assist with navigating. She's only had the book for one week but claims she's learning a lot. Also, excellent shipping time. Received the book four days earlier than projected. A major bonus when working on a deadline before course starts.

This book is very helpful with the information presented. Chapters are often kept at a shorter length and highlight the important information. Pictures show throughout how to complete NA tasks and what an NA should know. The index and definitions in the back make it easy to look up information quickly.

Do not buy this item it does not provide any way of getting the answers and the company will not sell the answers to anyone that is not a nurse. If you are trying to self teach this is not the book for you.

I needed this book for my CNA class. I appreciate the color pictures and the tons of information in this book. It has everything you need to know about being a CNA. Great transaction.

This is one of the easiest to comprehend text books I have ever read. It is chock-full of information and examples in relation to the nursing assistant field.

Has really cool excercises to do homework . Like crossword puzzle and word searches . Really keep me motivated to read chapters.

Really a helpful book! It just didn't arrive on my expected day especially since I paid extra .
