Textbook For Nursing Assistants: A Humanistic Approach To Caregiving

Synopsis

Now in its Second Edition, this textbook prepares students to work as nursing assistants in long-term care, acute care, and home health care settings, and provides a firm foundation for advancement to an LPN and ultimately an RN role. The book is written in a direct, conversational writing style with an emphasis on professionalism and humanism. This edition is significantly updated and has new photographs and illustrations. A front-of-book CD-ROM includes an audio glossary. An audiobook version of the entire text in MP3 format is available as a separate purchase. A student-edition DVD, containing selected procedures from Lippincott's Video Series for Nursing Assistants, is also available as a separate purchase.

Customer Reviews

This was exactly what I needed for my class. Used it, passed with an A, and thank G-d ~~ landed a job in an acute care hospital as a CNA!!! Great product.

I purchased this book to gain information about becoming a CNA and I'm very glad that I did. After searching the internet about CNA job info, I found this book to be the most informative and useful with regards to actual duties and responsibilities of a CNA.

A little disappointed that the book was used. It was my understanding I was ordering a new book. Since I saved a lot vs. the bookstore I am happy about that. However, in the used condition all of the

review tests inside were completely filled out, which will be distracting for me when I need them for review....really people if you plan on re-selling your textbook you should have the courtesy to not write in pen! If you plan to keep them for reference pen ahead.

Seller did not mind giving me more information on it's condition. The book was as explained "nearmint"! Thank you.

This Textbook has prepared me to pass my CNA test. It has everything to offer in order to pass your CNA test.

Helped me get my CNA license which a brain tumor took away from me. Damn Tumor!

I received the book in a timely fashion. However, the description - when ordering - did not mention that the CD was not included. Chose this seller because of the description of the book's condition and the idea that the CD also was available. Otherwise, satisfied with my purchase. I will definitely use this book seller again.
