Arielle Hechtâ™s book, "3 Seconds to Being Your Higher Self," is a Five-Star Gem. Do not let the small size of the book fool you. The 100 pages or so of the book outline a comprehensive method of recognizing your higher self. The approach is simple, clearly stated and, when practiced faithfully, very effective. Arielle explains that we fail to recognize our natural state of simplicity, presence and peace and mistakenly take ourselves to be illusory identities. This is the result of the conditioning and programming imposed on us from the beginning of childhood. The conditioning causes us to see ourselves as limited when, in fact, the Presence that we actually are is unlimited. Our true identity is masked because our focus in daily living is on the fictional character that we adopt. To regain our true identity, our focus and attention must be shifted from our fictional selves and concentrated on the Ocean of Peace that we truly are. In her book, Arielle gives the reader an effective set of tools to do just that. But please be advised: Although the method presented in Arielleâ™s book is very effective, it requires practice, persistence and patience. One must be highly motivated and dedicated to succeed.

This little book came at such a great time as I'm experiencing some stressful situations. The author gives very good tools to use to bring oneself back to center and in the present moment. This is definitely a book I will read again and again as one can never receive this information too many times.

Praise to Ariel for having the 'Heart Of Presence' to write this magical book. It is simple, yet incredibly powerful and will help you connect to the divine in 3 seconds, 3 breaths, just 3 easy steps. Ariel writes with such compassion and love. Her Sacred Feminine Energy is felt throughout the book, holding and weaving all the threads together in a fluid, yet structured way. Take time out of your busy life and gift yourself with a journey to the Creative Source of All That Is. You can't afford not to.

This book is so powerful. I hope and pray that all read this book, practice its simple divinity and we all can live as ONE. Ms Hecht has really got 'it' and shares from her heart and her experience. This

book is a great read for children and adults, a book to be read over and over again and then more importantly to be practiced over and over again. The pearls of wisdom are shocking in how deep they reach. Enjoy- there is no other thing to do with this great gift of book.

I have been on a spiritual quest for 30 years and I couldn't connect with the Divine. I read so many books, went to seminars, yoga, meditation. Arielle made everything so simple, so you can connect with the Divine(God) without so many years devoting to yoga and other forms of reaching God without success. All her books are wonderful. Start with this book and then go to 1 Second and Know God. Your life will change drastically Like my life has.

Ariel has hit the mark on showing us how to remain spiritual and grounded in three easy seconds. Her concise book is easy to read and interestingly enough can be read backwards as well --- and it still makes perfect sense! This is a true winner for anyone and everyone who is looking for a simple solution to inner peace and tranquility.

Simply Super. This book is the perfect roadmap to experiencing your higher self and living in the presence of Love throughout your day. A must read for those who wish to ease the stress in their life and start experiencing peace throughout the day.

What a beautiful, sweet little book this is! Whether you are spiritually inclined or not, it is easy to understand the simple but deep message the author is conveying. With just a few clear steps to enlightenment, it is a book for everyone. I will come back to this book again and again. I absolutely loved it!
