Magic Encyclopedia, Vol. 2 (Advanced Dungeons And Dragons)

Synopsis

Did you ever wonder what a phylactery is? Do you know what the difference between a cloak and a robe is? The Magic Encyclopedia answers these questions with succinct definitions of every type of item found in a magical treasure hoard, and every definition has an illustration. The list of definitions in Volume Two runs from Goggle to Zwieback, and completes the list begun in Volume One. The listing includes an experience point value and a gold piece sale value for each item. At last you'll know exactly what every bauble in any hoard is really worth. The listing also identifies the product where the item is described and the page number where you can find it.
