Customer Reviews

I filled in this book for Father's Day and it was really fun to fill in the small pages. You can write a whole page or just answer the question. My Dad has enjoyed reading it. Great gift from the heart.

Great book! Some of the questions are tough (my dad was older when I was born) so some of the questions were hard to relate. But for a "normal" family, it's great. I bought it for my dad's 80th birthday and he absolutely loved it. I'm told by my mom he keeps it near by and reads it often. Good for the man who's hard to by for.

Wonderful book! With tons of space to write. My sister and I did it together!

Got this for my dad for Fathers Day. It was perfect because it was thoughtful, inexpensive, and easy. Now it does take you quite a while to fill this journal up so buy it well ahead of time!

This is a fabulous gift for your dad. If you are thoughtful enough to fill out every page your dad will

cherish this for life.

My dad loved this as one of his gifts on the day of my wedding.

Very cute... good questions and lots of space to write
