Twin Set: Moms Of Multiples Share Survive And Thrive Secrets

Synopsis

When Baby Makes (Much) More Than Threelf youâ™re a new mom of multiples, it can be hard to find advice and enough people in your life who âœget itâ• or give you the support you need. Luckily, thereâ™s Twin Set: for moms of twins, by moms of twins. Twin Set provides a parent-to-parent support networkâ”based on an exclusive national survey of more than 300 moms of multiplesâ”and shares indispensable, mom-tested, solution-oriented advice . . . and a few laughs along the way. Thereâ™s also a Mommy Doc and Daddy Doc onboard, two pediatricians who contribute medical perspectives on various issues, in addition to special features from experts ranging from a financial planner to a nutritionistâ”many parents of twins themselves! Twin Set includes:â€¢ Answers to your biggest twin pregnancy questionsâ€¢ Advice on handling the emotional impact of premature deliveryâ€¢ Lessons on feeding, bathing, and dressing your twins, taking them out, and putting them to bedâ€¢ Tips from dads of twins, for dads of twinsâ€¢ Solutions for managing twice the laundry, bottles, spills, and other messesâ€¢ Options for multiples child care, from birth through school ageâ€¢ Insights into twin bonding, development, and safetyâ€¢ Lists of essential twin resources, gear, and equipmentThis encouraging and essential guide will help you savorâ”not just surviveâ”life as a time-crunched mom of multiples.

Customer Reviews

I returned this book shortly after receiving it since I was so disappointed in it's content. I read nothing that wasn't common sense or that I wouldn't have already thought of. Things like: "Nurse

your babies together to save time". There seemed to be a lot of this kind of advice. So, sorry, I don't like leaving negative reviews but this book just didn't do anything for me.

As a parent of 4 year old twin sons, I enjoyed reading this book and see where it would provide meaningful assistance to new parents of twins. I wish this book had been in my hands when my wife broke the news to me that we were expecting twins. It would have helped ease my fears and prepared me for the big change. Christina and Cathleen have done an outstanding job of sharing their insights into raising twins as well as bringing together experts in the field to deliver practical advice to parents (and soon-to-be parents) of twins. I would highly recommend this book.

I bought this book at a maternity store knowing I was pregnant with twins. I got lazy and never read it until after the twins were born. It lets you know you're at a high risk to have premature babies...and have to spend some time in the NICU and what exactly to expect while in there.. which I did have to do.. It lays everything out for you very well.. I wish I would have read it earlier and known better what to expect with my babies.. This is a great book and I am recommending it to 2 friends that are having twins.

I borrowed this from the library so perhaps my expectations were lighter .. but I couldn't put it down. Practical, fun to read and covers many ages. My twins are 10 months old and this was a SUPER read. Next to The Girlfriends Guide to Toddlers ... a total favorite. It would go on my bookshelf next to Healthy Sleep Habits, Happy Child, Babywise and Dr. Sears.
