Remembering Lucy Maud Montgomery

Synopsis

Lucy Maud Montgomery, Canada's most beloved author, not only gave the world the classic novel *Anne of Green Gables*, but she was also a devoted minister's wife, mother, neighbour, and friend to many, who in turn were honoured to have known this great lady. In *Remembering Lucy Maud Montgomery*, the writer is remembered through first-hand reminiscences of the people who knew her. Her Sunday school students, neighbours, maids, family, and friends paint a portrait of Montgomery as she has never before been seen. Not only does this book uncover fascinating sides of the author and provide fresh anecdotes, but it includes many photographs that are published for the first time. Even Montgomery's most devoted fans will find stories to surprise, delight, and at times even shock them.

Book Information

Paperback: 256 pages

Publisher: Dundurn (October 1, 2001)

Language: English

ISBN-10: 1550023624

ISBN-13: 978-1550023626

Product Dimensions: 7.8 x 0.6 x 9 inches

Shipping Weight: 1.2 pounds (View shipping rates and policies)

Best Sellers Rank: #2,675,274 in Books (See Top 100 in Books) #152 in [Books > Literature & Fiction > History & Criticism > Regional & Cultural > Canadian](#) #527 in [Books > Biographies & Memoirs > Historical > Canadian](#) #14160 in [Books > Biographies & Memoirs > Arts & Literature > Authors](#)

Customer Reviews

Where to begin? Lucy Maud Montgomery wrote one of my favorite books, "*Anne of Green Gables*". A book that inspired many lovely childhood dreams. The dreams became a reality when I went to Prince Edward Island in 1998 - Searching for Anne, Green Gables and all the magic of LM Montgomery! While on the Island I bought a number of books and visited many Anne related sites. All of this made me want more! The other books I read were well written and informative; but, this book about Maud by Alexandra Heilbron grabbed my attention from the very first page. I enjoyed her question and answer approach. This way we got the actual thoughts and feeling of the people she interviews. We did not get the authors (AH) thoughts and feelings on LMM. Once I started

reading it was very hard to put down. I like the fact that Alexandra Heilbron actually went to the Island to do her interviews ; it provided such authenticity to her writing. To actually show pictures of the people she interviewed was something new. And, there were new LMM pictures , a delight to see; when so many other publications use the same photos over and over again. Towards the back of the book there are examples of some of Maud's (she preferred being called "Maud") poetry. Charming. There are reviews of Maud's work written at the time of her books publication. There is even a published review that Maud did herself about writing and other authors! As I said, I found it hard to put this book down. It is obvious from the way the book was written that the author (AH) is well acquainted with her material, many small details add to the charm of the book. I like the physical size of it, too. Large, soft covered and easy to hold when reading. On a scale of 1 to 10; I give it a 9 1/2. Why not a 10? Because if I give it the highest mark, Ms. Heilbron might not write another LMM book. I sincerely hope she does, this one was a delight!

Having read all L.M. Montgomery's books, including the autobiographical ones - the Journals and The Alpine Path - I jumped at the chance to find out more about her through people who have actually known her, so this book was a must for me. Well, I certainly found out some more about her, but it is not another piece of the puzzle, as Ms Heilbron promises in her introduction. What I found instead was that Lucy Maud mastered the trick of projecting a certain image of herself to perfection. For in spite of all the physical and other complaints she writes about, the occasional nastiness to some people, the peculiar relationship with her husband and so on, she still manages to project an image of herself in The Journals as a very capable, humorous, strong, erudite and above all carefully dressed LADY (in capitals). And if one reads the reports of her relatives and neighbours closely, apart from a few barely noticeable dissident notes that is exactly how they remember her! So she goes on fooling us all, including the author/editor of this book, and we still don't know the real L.M. Montgomery. I will be eternally grateful to Alexandra Heilbron for conceiving of the idea for this book and tracing down all those elderly people before it was too late. But asking the same questions over and over again - and often getting the same answers - becomes a little monotonous and the questions themselves sometimes seem rather irrelevant. Still, the book is a welcome addition to my L.M. Montgomery shelf.

For all L.M. lovers this is good reading. I wish that the author had used a few more leading questions. Most of the questions seemed to be about how she dressed. This book gave a little insight into L.M.'s relationships with her children. A fascinating woman with such a sad life, I wish

she were here to give her a little sympathy. She needed it.
