Medical Terminology In A Flash!: A Multiple Learning Styles Approach

Synopsis

How do you learn best? The 3rd Edition of this popular text features an emphasis on meeting the needs of all learning styles by providing a visually rich text, an online learning program, and perforated/tear-out flash cards at the back of the book. The online learning program, the Medical Language Lab 2.0, is included with the text and comes with lecture videos and an integrated e-book. (See below for details.) You[™] will discover how to make different study strategies work for you, whether your preference for learning is auditory, visual, kinesthetic, oral-dependent, or writing-dependent learner. Online. Interactive. Progressive. The Medical Language Lab 2.0 is the interactive, online program that ensures you master the language of medicine. Based on proven language methodology, it guides you step by step from basic through advanced levels of proficiency to become a confident medical language speaker. A special code in the front of the book unlocks The MLL for you including an ebook of the text and lecture videos. Instructors can use it with their current learning management system or with its integrated grade book. They can also customize it to meet the needs of their course. Want to learn more? Visit the Medical Language Lab now. Instructors - request preview access and explore Medical Language Lab using this step-by-step walkthrough.

Customer Reviews

The best textbook I have used for terminology. The one I used before was okay but by far this text was more substantial and thorough. I would definitely recommend. Its easy to understand. Will keep on hand for review if needed.

The book was in mint condition brand new. Arrived on time. Price was reasonable. Saved my semester

perfect
