Customer Reviews

Great book! While I work out my brain, I can work out my arms too. Haha. This is literally "heavy" reading. It's so heavy, I ended up having tendonitis in one elbow and pulled a muscle in my other arm.

I've only had this book a week and it has proven to be very helpful and I haven't even started nursing school. This book is huge and heavy, but is easy to see and has so much helpful information. Just flipping through the dictionary excites me for my future nursing career.

AS AN EXPERIENCED NURSE, IT GIVES QUICK UNDERSTANDABLE DEFINITIONS FOR A QUICK REVIEW.
