Philosophy Of Religion: Selected Readings

Synopsis

Incorporating twelve new readings, *Philosophy of Religion: Selected Readings, Fifth Edition*, presents eighty-two selections grouped into fourteen thematic sections, providing instructors with great flexibility in organizing their courses. While it deals primarily with the Western and analytic traditions in philosophy, the book also incorporates readings representing continental, Asian, and Islamic perspectives. The selections are enhanced by substantial section introductions, study questions, suggested readings, and an extensive glossary at the end of the book. The fifth edition includes a new section, "Atheism and Nonreligious Approaches to Religion," featuring work by Paul Draper, Ludwig Feuerbach, Michael Martin, Michael Peterson, and Michael Ruse. Seven other additional selections appear throughout the text. An excellent stand-alone text for courses in the philosophy of religion, *Philosophy of Religion, Fifth Edition*, is also a perfect companion to the editors' textbook, *Reason and Religious Belief, Fifth Edition* (OUP, 2012), as the two books share the same topical organization. Package *Philosophy of Religion, Fifth Edition*, with *Reason and Religious Belief, Fifth Edition*, and save your students 20% (package ISBN 978-0-19-935952-3). To order, please contact your Oxford sales representative or call 800.280.0280.

Customer Reviews

This is simply an excellent collection of essays on religion. The style is essentially having an essay "pro" something and then having a response ("con"). It's very dialectical and fair. Christianity is treated more extensively than other religions, but it still has a lot to offer in terms of dealing with proving God's existence (whichever God it may be), the problem of evil, determinism versus freewill,

etc.

This was very informative for my philosophy of religion class last semester. However, there wasn't a lot of other religions, Hindu, Islam, etc. only the basic christian and atheist were the main focus of this book. I actually can see myself reading this book after the class ended and it makes a good light reading for those who are interested outside the class room. I'm not going to sell this book back to the bookstore, haha.

Book was in better condition than described. I appreciate that. This is a text for a class so I've just started the book. So far, so good. I've scanned through the book. I plan to keep it after the class.

Needed for class. Philosophy is hard to read at any level. This is a wonderful collection

Fast shipping. Great quality!!
