This is a tremendous way to show love for family. My wife received this book and at once, after a few tears, told me to get a My Sister book for my sister. This I did and I soon received a call from my sister who said she was shedding tears also...happy ones...!

If you have an extra special relationship with a sister, then this is the book to express that feeling. It puts into words everything you would want to say without the effort of saying it. I am coloring the pages with my sister's favorite colors. I should be done in time for her birthday in August :).

I would recommend this book to anyone who wants to give something meaningful to their sister. I read it before giving it to my sister. It is very inspirational and touching. My sister loves it.

This was a gift for my Maid of Honor, my sister, the morning of our wedding. Since I only have 1

sister, it was something that we could have between the 2 of us. It was cute and sentimental, without being overly cheesy. A good purchase.

nice way to let your sister know how much she means to you.

This is an adorable book full of wonderful "sister" verses, which will bring back many memories while growing up with a sister.

Nice size book. I bought this and sent it to my sister and she called me crying to thank me for it. She loves it.

Cute book but has multiple references to God, which wasn't mentioned anywhere in the description. If you're not religious, this book isn't for you.
