Left Hand Writing Skills: Book 2: Funky Formation And Flow (bk. 2)

Synopsis

The second book of the Left Hand Writing Skills series, containing a further 28 worksheets, begins with revision of the essential letter formation exercises in Book 1. The following worksheets focus on the flow of letters into word formation. Through extensive practice with patterns, different forms of letter-joining and full word formation, the left-handed writer should have begun to establish the fundamental good habits of hold, position and control which handwriting requires. The antics of Pencil Pat and his gang keep up the level of enjoyment and satisfaction as the child works through these exercises.

Book Information

Spiral-bound: 34 pages

Publisher: Robinswood Press (April 1, 2005)

Language: English

ISBN-10: 1869981782

ISBN-13: 978-1869981785

Product Dimensions: 8.3 x 0.1 x 11.6 inches

Shipping Weight: 5.6 ounces

Customer Reviews

My kindergarten age son is a lefty and found writing a trial. We do two pages of this book each day and he has really improved. Knowing the tricks to adapt letters for a lefty has made helping him so much easier.

I purchased this book because I have a grandson who is left handed. The reason that I purchased it is because I wanted him to be encouraged and to know that it is all right to be left handed. I wanted him to know that most children in his class would be right handed. I think that this book helped all of us to realize that being left handed is just as important as being right handed.

geared specifically for left handed students

Very practical books for those left handed people
