Do Penguins Have Knees? and Other ImponderablesI like it. It is interesting to read. All of these information can be found/read in the internet but you have to search for them... such a drag. This book have it.... all the interesting imponderables that you can read in one place.

This is a cute book, and it makes a good gift. It is original, and it catches your attention immediatly.

I love this book bc I had it as a child, and now I bought it for my daughter. :)
