Circulatory System Advanced (Quick Study: Academic)

Synopsis

Our new guide on the circulatory system, illustrated by accomplished anatomical artist Vincent Perez, includes in-depth coverage of veins and arteries, including depictions over and under transparent bone to better expose the system around the head, neck, and heart, as well as separate views of major organs and extremities. From teachers and students of anatomy, to medical professionals and therapists, this guide is perfect for your medical study or practice.

Customer Reviews

excellent charts for an anatomy class

Great guide if you need or want it. It is easy to read and memorize if you need to.

Like very much, thank you.

It's a great tool. Love it

I have been wearing Merrill Gore-Tex shoes for many years and have always been very pleased with them.
