As my g/son rushes through his reading of books he deems "not very interesting" (as the book, The Diary of Anne Frank); I then had him read the Cliff Notes as they point out things he might have skipped over or even missed. His reading was for an English project that he needed to write an essay for and he made 100.

It came when I ordered it and was very easy. My son has to read it for school and I thought this

would help BOTH of us.

Love anything Ann Frank.

Very useful!

Fair overall summary. Not as detailed as I would have liked. Good background of what led up to WWII
