Poor product packaging means crushed edgesExcellent poster map, well printed, with a nice finish. However, the product is very poorly packaged. Consequently the edges of the poster are damaged.

I cannot find the size of this map, so I do not know how easy it will be to use.

My daughter loved these maps and will be hanging on the wall. She likes to look at the countries she has visited.

This is an excellent map of the African continent. I have it mounted on a poster board for reference.
