California [Tubed] (National Geographic Reference Map)

Synopsis

National Geographic's wall map of California offers a dramatic visualization of the Golden State's physical geography. From the Sonoran and Mohave deserts, the fertile Central Valley, the mighty Sierra Nevada Mountains, and the Redwood Empire, the entire state is rendered in elegant detail. Stunning shaded relief depicts mountains and ocean depths, while vibrant colorization distinguishes forests, deserts, valleys, and other physical topography. In addition to the geographical features such as mountain ranges, prominent peaks, islands, major lakes, rivers, and reservoirs, this map includes the location of cities, towns, airports, national and state parks, and military bases. The Pacific Crest Trail, a long-distance hiking and equestrian trail that runs through the entire state from the border with Mexico into Oregon, is shown as well. The map is packaged in a two inch diameter clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:1,185,500 Sheet Size = 33.5" x 40.5"
