Atlas Of Clinical Dermatology, 4e (du Vivier, Atlas Of Clinical Dermatology)

Synopsis

2013 BMA Medical Book Awards 1st Prize Award Winner in Internal Medicine! Now in its 4th edition, Dr. du Vivier's bestselling Atlas of Clinical Dermatology provides the comprehensive visual guidance you need to effectively evaluate, diagnose, and manage all forms of skin disease. Over 2,300 images richly depict etiology, clinical features, diagnosis, and treatment, equipping you to provide the best care to every patient. Get complete guidance on etiology, clinical features, diagnosis, and treatment with Dr. du Vivier's Atlas of Clinical Dermatology. Compare dermatopathology images and their accompanying presentations and manifestations side by side through an oversized format that accommodates larger illustrations. Quickly find the answers to your most common clinical questions with help from a clear, consistent writing approach. Get well-rounded coverage of regional dermatology, dermatoses of infancy, pregnancy and management, HIV and AIDs, and immunosuppression and transplants. View each skin disease clearly with 2,300 full-color, high-quality images, including more dermatopathology specimens than ever before. Effectively diagnose patients of color with enhanced coverage of diverse skin types.

Customer Reviews

I love this book. Not only does it have great photos with, when applicable, many different presentations of the same disease, but it also has brief clinical descriptions, treatment pearls, etc. It's written by a Brit, so some of the names/diagnoses are different than our terminology. All-in-all a

great book. I'd buy it again.Derm resident
