Conjuring Moments In African American Literature: Women, Spirit Work, And Other Such Hoodoo

Synopsis

This book engages the ways African American authors have shifted, recycled, and reinvented the conjure woman in fiction. Kameelah Martin Samuel traces her presence and function in twentieth-century literature through historical records, oral histories, blues music, and collections of African American folklore.

Customer Reviews

First of all due to the exorbitant price, I refused to purchase this book from . I was able to buy the book at a third of the listed price. And to thumb through the pages and find that the author on the cover Kameekah L. Martin is nowhere to be found inside of the book! The true author is Tara T. Green. And the inside book is entitled: Presenting Oprah Winfrey, Her Films and African American Literature. What is going on here?
