Synopsis

Alec Harbinger, Preternatural Investigatorâ™m the guy you come to when your spouse gets bitten by a werewolf, or your honey is kidnapped by a demon. Iâ™m the guy who knows how to save your ass when an evil sorcerer casts a curse on it. At least, I was that guy until the Society of Shadows sent me to Dearmont, Maine, a sleepy town that had a zero rating on the supernatural occurrences scale. My plan was to spend my days sitting in the office with nothing to do except drink coffee and eat apple bakes made by Felicity, my new assistant. But when a woman hires me to find out if her son has been possessed by a demon at a rich kidsâ™ party, and a young man comes to the office insisting heâ™s been bitten by a werewolf, Dearmont goes from zero to hero. Oh, and did I mention that someone in the Society wants me dead? Time to sharpen the swords and go to workâ |

Lost Soul, a Harbinger P.I. novel by Adam J. Wright "Lost Soul" is the first book in the Harbinger P.I. series. It introduces Alec Harbinger, P.I. (Preternatural Investigator). Alec is a member of the

Society of Shadows. He formerly was well-regarded in the Society, until a mysterious event in Paris -- one that he cannot wholly remember. Now, he's been demoted from one of the foremost P.I.s, living and making a very good living in Chicago, to being pretty much on his own in the small town of Dearmont, Maine. Sure, the Society got him a house, set him up in a well-appointed office with an assistant, but he understands that if he can't pull his own in this small town, where he doubts there will be much paranormal activity, that he soon might be out of a job. And the assistant, Felicity? It seems she's been hired by the Society to check up on Alec and to make monthly reports to none other than Alec's father. So, we have big city boy, stuck in a small Northeastern town, knowing no one and wondering what the heck happened in Paris that put him in this spot. And, if all this weren't bad enough, someone is trying to kill him and he doesn't know why. Along the way, he begins to assemble an eclectic team. There's himself, and Felicity, of course, his friend Mallory, two sisters who just happen to be witches, a young entrepreneur who is bored and looking for excitement, and that young entrepreneur's butler. Oh -- and two teenage werewolves he helps learn to control their curse. When a local woman comes to him for help with her son, who has changed radically in a very short period of time, will Alec have an actual case to work on and will he survive the attacks on his person in time to solve the case?
