Customer Reviews

I like this book. The dictionary is on the top part of each page, and thesaurus on the bottom part of the page which makes sense. The cover is attractive and binding on the book seems durable and easy to open the book without straining the spine. The cover is attractive. I will enjoy using this book. The contrasting blue and black print that is utilized is also effective.

This is a a great little dictionary / thesaurus with both meanings on one page - the top of the page contains the dictionary and the bottom has the thesaurus. Not all words are available but it is still a handy way to display many definitions & similar words.
