IAFCCP Critical Care Exam Review

Critical Care Exam Review

Kindle Edition

Synopsis

This study guide offers a convenient way to prepare for a critical care paramedic exam such as the FP-C® or CCP-C® examinations. The review book contains 420+ questions that matches the broad content divisions of the FP-C® an CCP-C® exam outlines with a detailed rationale for each answer at the end of the chapters. The questions were created in collaboration from experienced critical care transport providers from the International Association of Flight and Critical Care Paramedics. The questions cover critical care transport topics such as safety, altitude physiology, trauma, high risk obstetrics, and more.

Customer Reviews

Questions contained in this book are more challenging than the FP-C test itself. Helps prepare you for this difficult test.

Like I said clear concise and to the point. Only one typo! Would recommend to someone with previous experience and knowledge of critical care medicine.

The questions in the text were actually slightly more difficult than the exams. I'd recommend it.

Very welcome addition to my review library. Passed FP-C the first time with its help.....
